Dear Parent Teachers:

In our efforts to continually support our fellow educators, we offer two different options for vacation or school-out days. Please be advised that you must choose one option or the other, and may not switch during sessions. If your child attends daily there is a minimum charge of one day a week whether your child attends or not.

1. You will receive a 10% discount and 10 days of vacation time to use in lieu of payment for days your child does not attend.
2. When your school district is closed, you will not be charged for any days that your child is absent. However, you will not receive any "vacation" days. This includes days missed due to illness, after school events, etc...

Bonus: Your child may attend our program for free on mornings or afternoons that you have staff meetings, only if your child attends the school where you work.

I, _____ choose Option # _____. I understand that this will remain in effect until, (A) I change options at the beginning of a new session, or (B) management changes the policy.
