## DAILY TEACHER OPTION

Dear Parent Teachers:

As an added bonus for our fellow educators, we offer a 10% discount for signing up for the daily attendance. There is a minimum charge of one day a week whether your child attends or not.

Bonus: Your child may attend our program for free on mornings or afternoons that you have staff meetings, only if your child attends the school where you work.

I understand that will remain in effect until I change options from daily to weekly which may be done once during the school year.
